

A Pattern Yowl Puzzle Hunt

If you are reading this, you have discovered the A Pattern Yowl Puzzlehunt!

This puzzle hunt consists of five puzzles and was made by two students of the class of 2018 in the hopes that someday, someone would solve the series of puzzles and contact us. You will need a wide array of skills to solve all of the puzzles, so teamwork is encouraged. Once you have an answer to a puzzle, you can contact jorge@jorgezhang.com to confirm it. You can also find a digital version of the puzzles at www.jorgezhang.com/puzzles.

The first Payton student(s) to solve all five puzzles will obtain a fabulous prize.*

Good Luck!

*prize to be determined
