Player Guide

START OF TURN: Draw 2 cards (+1 if 1 or more islands controlled)

TAKE ANY NUMBER OF ACTIONS:

1. Play any unit from hand face-down adjacent or on your country
2. Discard a card to move a unit.

ATTACKING (by moving onto enemy unit [the target]):

1. Attacker declares supports (attacker can add attack of units adjacent to the target by discarding 1 card per.)
2. Defender may retreat (discard 1, the Attacker chooses an empty adjacent square to move the defender to, skip step 3 + 4)
3. Defender declares supports
3. Battle occurs (flip any face-down cards involved face up, higher attack wins. If defense loses, the target is captured and the attacker occupies the space. Nothing happens when defense wins. defense wins tie.)

CAPTURED units are removed from the game permanently.

DISCARD units face-down and shuffle them into deck when empty.
